

## **NOTICE OF CHANGE TO SWIMMING ORDER OF EVENTS PAN AMERICAN GAMES GUADALAJARA 2011**

There is a new swimming order of events for the 2011 Guadalajara Pan American Games. At the request of the Guadalajara host organizing committee we have agree to change the format from the previously published 8 day event to a seven day swimming program with A & B finals not prelims, semi -final, and final events.

The change occurred at the request of the LOC to assist them with scheduling conflicts between the end of pool swimming and the open water 10K event on Saturday October 22, 2011 in Puerto Vallarta which was to be the last day of swimming. On that weekend the LOC will be holding Open Water Swimming and Triathlon in Puerto Vallarta.

We also have scheduled the distance e vents into the earlier part of our program to accommodate any swimmers who would be swimming the distance pool events and the 10K in Puerto Vallarta .
